The Floating Lotus Training Programs

The Floating Lotus Yoga Studio and Day Spa is offering two programs this year:

- 200-hour Yoga Teacher Training program, which is **Yoga Alliance certified**
- 100-hour Deepening Your Practice, a shorter course to strengthen your Yoga experience

Our Teacher Training program is designed for committed Yoga students who want to develop the self-knowledge, skills and confidence to teach others. Our unique structural flow combines in-depth anatomy principles and correct alignment for all beginning-to-advanced asanas. Once we have mastered the foundational base we will begin to embrace the flow (vinyasa).

Our comprehensive curriculum includes in-depth study of meditation, pranayama, yoga history and philosophy, and development of teaching methodology. Your personal teaching style will emerge and we will safely guide and support one another with compassion.

The Teacher Training Experience

Each student has a unique way of receiving/learning information. We will address this as a collective so we may all grow together. A class setting that is empowering, loving, nurturing and fun will help you become the best teacher you can be.

As a student, you will be required to attend three training days a month, as well as participate in student-teaching and outside-of-class reading and writing projects.
